

Strengthening the Euregional labour market in Life Sciences

SAVE THE DATE

Invitation to the Skills³ Closing Event

Presenting Successful Tools to Stimulate Cross Border Mobility of Talent

1st of December 2011 | 15.30-19.00 | Erholungsgesellschaft, Aachen

The Skills³ project closing event will be the synthesis of 3,5 years of joint forces in 4 regions, Dutch and Belgian Limburg, Liège and Aachen to strengthen the Labour market in the Life Sciences sector of the Euregio Meuse-Rhine.

PROGRAM

- 15.30 Registration, coffee and tea**
- 16.00 Welcome**
- 16.15 Open borders and alignment across regions is the scenario that we dream of**
We invited prof. Wim Vanhaverbeke (Hasselt University), open innovation expert, to show professionals how this dream can become reality and already is reality.
- 17.15 Face to face meetings are essential to create a sense of trust and help you forward to cross borders.**
Companies as well as life sciences employee's explain their views. Learn from their experience to facilitate talent to overcome borders and get better insights in how we set up our Master Classes.
- 17.45 The virtual world brings professionals together**
Vividlinks.eu, the Life Sciences Career Community, made the Euregional Life Sciences labour market transparent: 240 company profiles, 100 jobs on a daily basis and 968 profiles of Life Sciences professionals are accessible online. Find out how Vividlinks.eu will further grow its services to meet your HR expectations.
- 18.30 Networking moment with food and drinks**

REGISTRATION

This event is free of charge, but registration is needed. Please send your registration details to hrseminar@skills3.eu before the 24th of November.

Looking forward to welcome you,

The Skills³ team

Background

The Interreg IV project Skills³ aims at strengthening the Euregional labour market in Life Sciences. Therefore we have developed three workpackages.

HR seminars: learning from experts and colleagues about HR and the cross-border labour market;

Vividlinks.eu: career portal, making the Euregional labour market in Life Sciences transparent and accessible;

Master Classes: bringing high potentials and companies into contact.

Purpose of the HR seminar

At the request of HR responsables we will not only open up opportunities within the cross-border labour market, but also get together insights for the everyday HR management.

Who should attend?

HR professionals or those responsible for HR related matters. Policymakers and projectmanagers who can validate our tools.

Ministerium für Wirtschaft, Energie, Bauen, Wohnen und Verkehr des Landes Nordrhein-Westfalen

provincie limburg

With the support of the European fund for regional development. The European commission invests in your future.
